Welcome to Cabela's Big Game Hunter Ultimate Challenge

Cabela's Big Game Hunter Ultimate Challenge is the most realistic hunting game for the Sony PlayStation. You take the role of a hunter and then set off to hunt in 8 different regions hunting over a dozen big game animals. Along the way you'll have to equip your character properly to ensure a successful hunt. So go to bed early because tomorrow we're going hunting!

ON-SCREEN DISPLAY

You can replenish your health by consuming rations or using your tent to get some rest.

Inventory - Designates which firearm or piece of equipment is currently in your ready bar. Please see inventory items on page 9.

Quick Hunt

The Quick Hunt option lets you hunt for any one game animal in a region of your choice within the level that is currently open. Once you have completed a level in championship hunt, you are free to return to it for a Quick Hunt. In Quick Hunt you are provided with basic equipment. It's an excellent way to get some practice.

Complete Hunt

This is the main game mode in Cabela's Big Game Hunter Ultimate Challenge. In Complete Hunt you can take part in the full hunting experience. You will start with limited resources and access to only a few locations. The goal is to fill all of the tags for each hunting region within the designated time frame without running out of money, supplies or health. Breaking the law by taking animals you do not possess tags for will result in penalties.

Once you have completed one level, the next level will unlock. You begin your career with access to both Montana and Missouri. Through the course of the game, you will be given the opportunity to hunt in Texas, Colorado, Nebraska, Alaska, Alberta and Newfoundland.

Load and Save Game

This allows you to save your current game or to load a previously saved game. Insert your MEMORY CARD and follow the on-screen instructions.

Trophy Room

Visit the Trophy Room to see your previous kills. The Trophy Room contains the best animal from each region that you have successfully hunted. There is additional information here telling you which type of firearm was used and the distance from which the shot was taken.

IN-GAME MENUS

Pause Menu

Resume Game - Return to playing the game from the Pause Menu.

Exit Game - Returns you to the main menu.

Sound Effects - Adjust the sound volume in the game.

View Trophies - Takes you to the trophy room to view your trophies from previous hunts.

Inventory Screen

During gameplay you can press the SELECT button at any time to bring up the inventory screen. From this screen you can use different items to aid you on your hunt. To use an item select it using the directional buttons and then press the X button.

Additional In-Game Features

Map - Keep your eyes on the map. Here you can see your location in the environment, the location of your vehicle, and other information such as the specific locations of the lodge and guide.

Track-O-Matic - When you find tracks during your hunt, the track-o-matic will allow you to see which type of animal left the tracks. If you spend time tracking an animal, you will have a better chance of successfully filling its tag.

X-Ray mode - You unlock this by passing levels in complete hunt mode. Once unlocked this allows you to see the internal bone structure and organs of the targeted game.
